DESCRIPTION	<p>The Griswold Public Schools have a gifted and talented program that provides scheduled services to students in grades 4-6, supplementary enrichment services to students in grades 7-8 and honors and Advanced Placement courses to high schools students. A teacher of the gifted and talented provides resource room instruction to identified students in grades 4-6. She also provides resource room instruction to students in grades 4-6 and schoolwide enrichment by modeling for and co-teaching with classroom teachers. Students in grades 7 and 8 have a number of opportunities for after school enrichment in programs such as Future Problem Solving. High school students can take honors courses that accelerate the pace and extend the depth of content in key areas.</p>
